# **Institute for Post Graduate Teaching and Research in Ayurveda**

Gujarat Ayurved University, Jamnagar – India

In 1953, Govt. of India has established a central Institute of Research in Ayurveda at Jamnagar in the great palacious building named 'Dhanvantari Mandir', which was built for housing the Ayurvedic Institution. On 20<sup>th</sup> July, 1956 a Post Graduate Training Centre in Ayurveda (PGTCA) was established in Jamnagar. Initially, there were four post Graduate Departments namely Basic Principle, Kayachikitsa, Dravyaguna and Rasa Shastra & Bhaishajya Kalpana. A two-year postgraduate course viz. "Higher Proficiency in Ayurveda (H.P.A.)" was conducted at this Institute. The same course of H.P.A. was adopted by the University for two years Post Graduate Degree named as Master of Shuddha Ayurvedic Medicine (M.S.A.M.).

The Post Graduate Centre became integral part of the University and was renamed as Institute for Post Graduate Teaching and Research (I.P.G.T.& R.). At this juncture, a new fifth Post Graduate department was started i.e. Deptt. of Shalya Shalakya in 1973, the duration of the degree M.S.A.M. was enhanced to three years in 1975, the M.S.A.M. degree was replaced by M.D.(Ayu) in 1977, along with Kaumarbhritya and in 2006 Panchakarma, Shalakya and Prasuti Tantra & Stiroga Departments have been established as independent Department. 10<sup>th</sup> new Department of Roga Vijnana & Vikriti Vijnana has become functional from February 2009. Govt. of India has given permission for opening two new departments i.e. Sharira Kriya, Swathavritta. The provision for the award of Ph.D. degree in all the departments was also made by the University in I.P.G.T.& R.A. Institute has been designated as WHO CC for TM – Ayurveda since April, 2013.

## **Aims and objectives: -**

It is a premier and unique Institute of Post Graduate Teaching & Research in Ayurveda. It is a constituent part of Gujarat Ayurved University, Jamnagar, which is globally known for its Ayurvedic education and practices. It has following aims and objectives

1. To impart post graduate level teaching and intensive researches in the fields of Ayurveda.
2. To develop workforce for Ayurvedic teaching and Research in India and abroad.
3. To provide medical health care to the needy ailing humanity through the specialized Indian systems of medicine.
4. To establish Ayurveda globally through its International programmes.

## **Location:**

Jamnagar, familiarly known as Digjam city is situated in the heart of Saurashtra region, is a developing centre for industries like Reliance and Essar refineries etc. The institute is easily approachable from Airport, Railway and Bus stations, which is located hardly about 3 Km from them. Jamnagar is also known for its vicinity to famous shrine of Dev Bhumi Dwarka.

## **Administrative Set-Up:**

The institute is funding by Ministry of AYUSH, Govt. of India functions directly under the supervision of the Governing Body consist of Board of PG Teaching and Research of Gujarat Ayurved University having 13 members. The institute also has a Scientific Advisory committee, Academic committee and Standing Finance Committee to manage the scientific, academic and administrative works.

**Ph.D. (Ayurveda):**

All the Departments are offering Ph.D. course. Total 20stipendiary seats are available for this course. The seats will be distributed as per the availability of the vacancy under the guide. One seat has been created for foreigner nationals recommended by AYUSH, GOI or ICCR.

**M Pharma (Ayurveda):**

The SFC runs this course for the B Pharma (Ayurveda and Modern) scholars; it is of 2 years duration. The 2<sup>nd</sup> year of the course contains different specializations like Rasa Shastra & Bhaishajya Kalpana, Quality Control, Pharmacology, Dravyaguna, Pharmacognosy and Phytochemistry. After successful completion of 2<sup>nd</sup> year, the individuals will be awarded with the degree of M Pharma (Ayurveda).

**M Sc (Ayurvedic Medicinal Plants):**

This course is also conducted by SFC and graduates from BAMS or B Sc or B Pharma are eligible to take admission in this two years course. The aspirants will be trained in Classical and Contemporary concepts of Drug identification, Evaluation of genuinity, adulteration etc. A degree will be awarded after successful completion of the course.

**Introductory Course in Ayurveda:**

The institute also runs an Introductory course in Ayurveda for the foreign nationals. They are trained in the fundamentals of Ayurvedic science for 3 months. This course is conducted usually from November to January every year. Admission form and information is always available on University website.

**Hospital Activities:**

Considering the fundamental objectives of the Institute in view, the Institute has one hospital in the campus, which provides health care services to the needy, through OPD and IPD. The hospital is attached with Pathology and Biochemistry laboratories, which provide necessary support for modern investigations. It also has the facility for X-Ray, Ultra Sound, E.C.G. etc. The required medicines for the purpose are prepared in the pharmacy attached with the University and are dispensed at free of cost to the patients.

The hospital has separate OPD and IPD facilities and has full financial support from Govt. of India. IPD has 200 beds, which have been distributed among all the departments, so that the services can be utilized by the needy. Most of the facilities are being provided at free of cost. Facilities for specialized treatment procedures like Panchakarma, Ksharasutra etc. are also available in the hospital.

**Library:**

The library of the Institute is located within the campus and is well equipped with publications related with AYUSH systems of medicine and modern science. At present, the library has more than 32, 000 books, 7, 300 manuscripts, 15,000 bounded volumes of journals. 42 journals and news papers have been subscribed, so that the fraternity may get benefited with the updated developments. Apart from this, departmental libraries have been established in the respective departments, which are enriched with latest editions every year.

## Pharmacy:

University has an Ayurvedic pharmacy which is well equipped with the latest machinery and manufactures drugs for the use of hospitals under the University. Medicines required for different research projects of the P.G., Ph.D. scholars are manufactured in the Pharmacy. Further, the scholars are trained in bulk scale manufacturing of the formulations during their course in the institute. University is taking active initiation in order to upgrade the pharmacy as per the norms of GMP.

## Hostel:

The Institute maintains three separate hostels viz. Boys hostel, Ladies hostel and International Scholar's Hostel for the PG, PhD and International scholars within the campus.
