NATIONAL WORKSHOP ON RESEARCH METHODOLOGY & SCIENTIFIC WRITING

In the era of globalization, research activities play vital role for development of the science. In recent years Ayurved has witness much activities in field of research. Not only the scientists and academicians of Ayurveda but Government and many other non-government organizations show interest in research for various fields of Ayurveda. As Ayurveda has a totally different approach towards health, diseases and treatment protocol, it is always a perplexing question for researchers that what kind of methodology is to be adopted to answer the research question. To clear this confusion, the first and foremost step is to know the most recent and updated methodology of research. That is why it is taught as an important subject at initial level of post graduate study in Ayurveda. Also an introductory part has been included in the last year of graduation study.

Research methodology is a way to systematically solve the research problem. It may be understood as a science of studying how research is done scientifically. It is the science of various steps that are generally adopted by a researcher in studying his research problem along with the logic behind them. Scientists frequently update methodology of research after meta-analysis. It is necessary for all young researchers of Ayurveda to be familiar with these recent advances of Research Methodology.

Institute for Post Graduate Teaching and Research in Ayurveda being a pioneer institute in the field of research in Ayurveda is happy to announce the **National Workshop on Research Methodology and Scientific Writing** on the occasion of 63rd Foundation Day celebration on 20th & 21 July, 2018.

This will create a platform for all researchers to discuss about their queries regarding methodology of research in Ayurveda in general and of the speciality in particular. Also the institute has organized scholastic and useful deliberations for scientific writing from renowned researchers and academicians of the field. Key points of two days workshop will be.....

- ❖ Steps of Research in general.
- ❖ Framing of hypothesis and Aims & Objectives
- ❖ Preparing Research Protocol
- ❖ Research Methodology for Drug Research
- ❖ Methodology for fundamental and literary Research
- ❖ Sample size estimation
- ❖ Ideal methodology for clinical research in Ayurveda
- ❖ Writing a Research Proposal
- ❖ Abstract writing and Key words
- ❖ Practical tips for writing review paper
- ❖ Writing of case study
- ❖ Drug research & experimental study writing.

P. M. Mehta Memorial Oration

It is the tradition of this esteem institute to salute the founder of Ayurved education at Jamnagar- Late Dr. P. M. Mehta by organizing a memorial oration on the occasion of foundation day every year since last three decades. This year also the institute has planned for 30th P. M. Mehta memorial oration, which will be delivered by a renowned personality of the field.

Institute – A Bird View

Govt. of India started a central institute for research in indigenous medicine (CIRISM) in 1952 at Jamnagar, and looking into the needs of the time, a post graduate teaching and research institute was established on

20th July, 1956 by govt. of India for revival of Ayurveda in its authentic form. Initially there were four post graduate departments namely Basic principles, Kayachikitsa, Dravyaguna and Rasashastra & Bhaishajya kalpana. A two year post graduate course “Higher Proficiency in Ayurveda” (HPA) was conducted in this institute. After that, the three institutes of Jamnagar viz. The central institute for research in indigenous system of medicine (CIRISM), The Post Graduate Training Centre in Ayurveda (PGTCA) and the Gulabkunvarba Ayurveda Mahavidyalya were amalgamated and given a new name –Institute for Ayurvedic Studies and Research (IASR) in year 1963. On 5th January, 1967 the Gujarat Ayurveda University, Jamnagar was established and on 1st April, 1968 the IASR was taken over by the university and was renamed as institute for Post Graduate Teaching and Research in Ayurveda (I.P.G.T. & R.A.). The work forced developed by this institute forms the backbone of Ayurvedic Teaching, Research and Administration in India and abroad. Students from Sri Lanka, Nepal, Japan and Indonesia are studying in P.G. and Ph.D courses. Institute has been re-designated as WHO Collaborating Center for traditional medicines (Ayurveda) till 2020. Ayu – a quarterly peer reviewed research journal of Ayurveda is also being published by the Institute.

Jamnagar City

With exquisite examples of Rajput architecture, Jamnagar is one of the Gujarat's historical city. Built around the Lakhota Lake, the city was the capital of the former state of Nawanagar and presently is capital of Jamnagar district. It is situated at the western cost of India. The city is well connected by road and rail to major places of the country through Ahmedabad (300
